- **Source Control:** Gitlab, Github

EDUCATION

Georgia State University, J. Mack Robinson College of Business   **Atlanta, GA**
Master of Science in Analytics   December 2019

Georgia State University, Andrew Young School of Policy Studies   **Atlanta, GA**
Bachelor of Arts in Economics   May 2010

PROJECT

Topic Modeling: Web scraping TripAdvisor' reviews to identify what customers are mainly concerned so hotels in Atlanta can leverage this information to better serve customers and increase occupancy rate.

Predictive Analysis: Identifying why 30% newly acquired checking accounts at SunTrust Bank leave the bank within 6 months, and what can be done to retain the best accounts.

Predictive Analysis: Working with the Graduate Recruiting Department at J. Mack Robinson College of Business to predict qualified applications that are less likely to attend Open Enrollment.

EXPERIENCE

Walt Disney World   **Orlando, Florida**
Data Integration Intern   January 2020 – Present

- Moving key Departments from SAS infrastructures to AWS S3 while using open source based programming like Python and PostgreSQL database to save on costs and improve bottom line.
- Creating key diagrams using Visio that map out current process and requirements to facilitate programming workflow in python and PostgreSQL.
- Create ETL pipeline in Apache Airflow to schedule batch jobs that produced datasets that different teams are depended on.

Walt Disney World   **Orlando, Florida**
Business Insight & Analytics Intern   June 2019 – January 2020

- Create Dashboards that Disney stores can use to gather insights about their performance and increase productivity.
- Build a regression model that explained business performance so that business leaders can target the best variables to improve their business.

- Automate tests in SQL to insure data Integrity and improve productivity

Georgia State University   **Atlanta, GA**
Graduate Assistant   August 2018 – May 2019
- Store data for the Recruitment Office and create reports that identify common needs, and questions of visitors so that recruiters can be better prepared in serving future recruits.
- Collaborate with other Graduate Assistant to create predictive modeling that can identify which applicant is less likely to complete the registration process, increasing student enrollment.
- Use Tableau for visualization to gains more insight that helps track performance, and productivity.

Pido Bros   **Atlanta, GA**
Owner and CEO   January 2017 – January 2018
- Created and implemented successful social media campaigns for small companies, increasing brand awareness and sales by 15%.
- Collaborated closely with clients to develop a proactive social content calendar to keep customer base engaged by increasing comments and likes from diverse social media platforms.
- Coordinated all phases of digital marketing initiatives from concept through delivery, focusing clients more on business operation than marketing.

Atlanta Film Industry   **Atlanta, GA**
Set Dresser   January 2014 – December 2017
- Secured materials needed to decorate the sets and restored or replaced furniture that are wrecked during filming as we tracked inventory to ensure production workflow.
- Coordinated with the Set Decorator in deciding which set will be used for next day shoot facilitating readiness for cast and crew.
- Researched many sites, and historical epoque to create sets that are authentic to the time and period the script portrays to attract moviegoers.

Walgreens   **Atlanta, GA**
Assistant Manager   February 2011 – Nov 2011
- Led a team of 15 employees using customer service best practices resulting in fewer complaints, and higher customer satisfaction outcomes for the store.
- Assigned team members tasks and projects to meet the store goals in sales, safety, and accountability.
- Managed schedule of employees to ensure the store is fully staffed, and production ready for daily operations

Waffle House   **Atlanta, GA**
Store Manager   May 2010 – January 2011
- Led 20 plus employees to create an enjoyable atmosphere for patrons, propelling the store to be # 1 in sales in our division for 3 consecutive months.
- Trained employees in diverse roles to adapt to our culture, mentoring them in areas of weakness to help them in their career growth as well as personal growth.
- Designed small marketing plans to increase customers by mailing out coupons to neighborhood businesses, resulting in 37% increase in sale on ordinary slow days.
